## Motivation

I am yet a first year student, however very motivated and ambitious.

In my opinion I could be described as a hard-working, planning, open-minded and fast-learning kind of person.

I participated in Informatics (pol. Olimpiada Informatyczna)/Physics (pol. Olimpiada Fizyczna)/Technical Knowledge (pol. Olimpiada Wiedzy Technicznej) and Maths (pol. Olimpiada Matematyczna) (national range) Olympiads – only semi-final stages.

I was also a volunteer leading informatics faculties in my school a few years long.

If you willing to see some of my amateur projects (still most of them are not available online) please check out my online portfolio at [styczynski.ml](http://styczynski.ml)
